The class of 1958 wishes to thank the members of the Harrison Township School Board for their continued efforts to improve our school. SENIORS

This year book will long be a cherished possession to you who have had a part in making it possible. Its pages are the result of the combined efforts of a competent staff which has worked long hours to produce an authentic record of this school year. I wish to congratulate you upon your accomplishment.

Not only have you united on this effort, but also have, in the three years I have been privileged to be your sponsor, co-operated fully on every class project and activity. I am certain your spirit and enthusiasm will extend to your adult enterprises.

To all of you I wish future success and happiness. Choose your vocations wisely, work diligently, and project interest and enthusiasm into your tasks. Keep active your sense of humor and love of life. Don't forget to smile.

If I have in any way helped to guide you, or solve your problems, or make you realize that life can be fun or even funny at times, then I feel that I have reached one of my personal goals.

I am expecting great things of you. God speed you on your way.

Very sincerely,

Frances Gadsden

We, the members of the Class of 1958, being of sound mind and body, do hereby make this our last will and testament.

I, James Acton, will my loan-car to any chap who needs it after a mishap.

I, Norman Bennington, will my ability to sleep to Peabody, so better hours he may keep.

I, Jerry Brownlee, will my friendship with dogs to anyone with legs made of logs.

I, Lester Davis, will my ability to get along with the gals to Mickey Robertson and the rest of my pals.

I, John Dinsmore, will my saddle oxfords to Larry Robertson. Some day you may fill them and be outclassed by none.

I, Eleanore Dodson, will my shy and bashful ways to Janet C. or any others who will use them properly.

I, Lee Duff, will my small appetite to Gene Cordray because he needs it, from what people say.

I, Marjorie Duncan, will my driving, speedy and fast, to Carol Ann Hickman so long as her Ford will last.

I, Marilyn Lottes, will my ability to get along with Mr. Reed to the Sophomore girls; my advise please heed.

I, Carolyn McClaine, will my typing abilities to ambitious gals hoping to be secretaries.

I, John Randle, will my affinity for Wells to Walter R. I hope you will find it as enjoyable as I have thus far.

I, Mary Randle, will my battle experience to Mary Alice Pounds. I hope that you are victorious in all of your rounds.

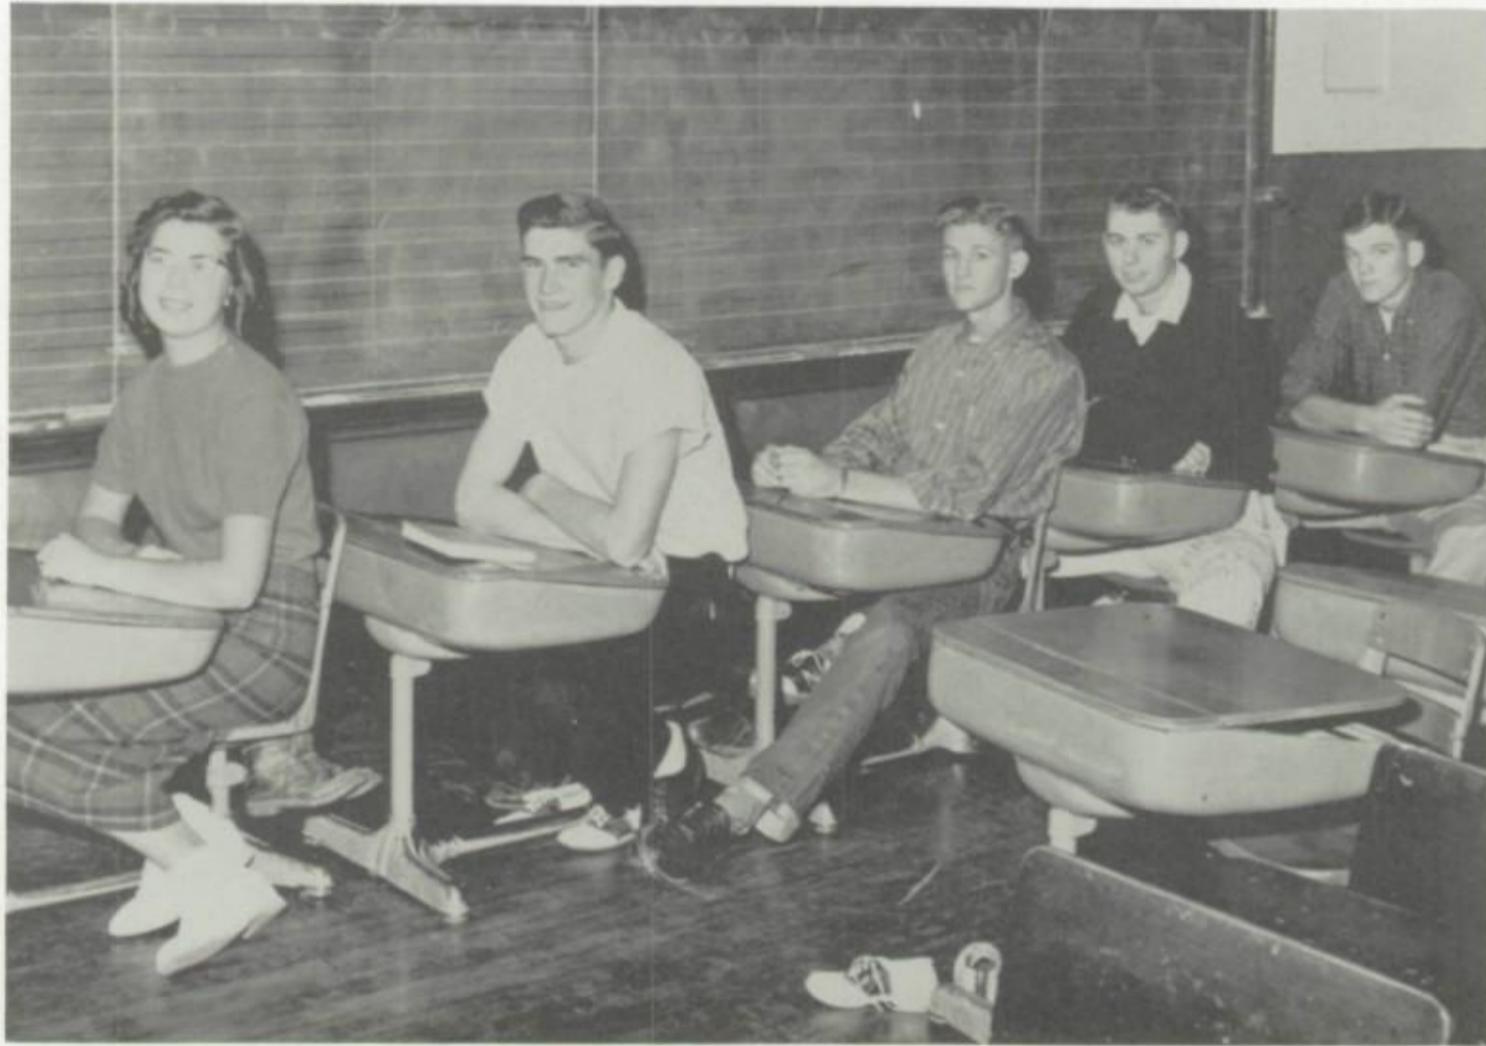

I, David Robertson, will my talents in salesmanship to Gene Clements for whom I have a special tip.

I, Linda Rucker, will all my substitute teaching to any who such experience is seeking.

I, Ovid Scott, will my old Chevy with rattler and all to Stevie Hiland. I know he'll have a ball.

I, George Wethington, will my driving record to anyone with insurance and faith in the Lord.

Twelve Years At Pinnell

Senior Class History

As the class of 1958 entered Pinnell High School in the fall of 1954, we looked through the window and saw stretched before us four long years of hard work before our ultimate goal, graduation, could be attained.

To guide our class's efforts throughout our first year, John Dinsmore, Mary Alice Randle, Lee Duff, and David Robertson, were elected as class officers. Mrs. Caplinger was our class sponsor.

Entering our Sophomore year John Dinsmore was elected President, with Mary Alice Randle, David Robertson, and James Acton also officers. When Mrs. Caplinger resigned, Mrs. Gadsin took her place as our sponsor.

As Juniors we found ourselves one year closer to graduation. We worked feverishly to build up our treasury for the Senior trip. David Robertson, Mary Alice Randle, Linda Rucker, and Jerry Brownlee, were elected as officers. Our high light of the year was our Junior play, "Deadly Ernest."

September, 1957, found us electing John Dinsmore as President, assisted by Jerry Brownlee, Linda Rucker, and David Robertson. Our Senior play, "Heap Big Cake," was a success. At the end of March we found ourselves bound for Washington D.C. and New York.

Then looking through the window, we could see that it was not the end, but only the beginning, for April was here, with final exams, and our graduation.

Senior Class Prophecy

"Strato Limited 133 for Venus leaving in five minutes from platform 5L. All passengers report," blared the loud speaker. "That's my flight. I'd better report," I say to myself. Incidentally, my name is David W. Robertson, owner and president of Satellite Advertising with advertising satellites in every planet's orbit.

As I board the ship, I glance at the crew roster and notice the ship's captain is George Wethington, a member of my graduating class and now a pilot for Strato Airlines.

After I'm seated a trim stewardess in a beautiful silver and green uniform passes by. She is Marjorie Duncan, also a former classmate.

Picking up a paper I begin to read about Zerta, an outlaw planet, captured by troops led by General Lester Davis of the Universal Armed Forces. In another item, Marilyn Lottes, noted educator, demands double pay for teaching two-headed Martians.

I turn to the features page and read the latest gossip, taken from the complete solar system by the noted columnist, Carolyn McClaine.

Flashing by the ship's window is one of my advertising satellites, bearing the legend, "Rainbow Fashions created exclusively by Mary Alice Randle."

We pass an interplanetary fuel station, one of the Lee Duff chain that started with one station on earth in 1960 and now numbers more than 1,000 stations.

I turn on my private television set and see John Dinsmore, noted traveler and author, and his guest, Miss Eleanor J. Dodson, successor to Emily Post. They are discussing table manners for ten-armed Plutonians.

After the Dinsmore Show, I glance around the ship at the dignitaries, I notice Representative Linda Rucker, of the Solar Congress, discussing a problem with Ovid Scott, noted uranium tycoon and industrialist.

Seated behind them is James Acton, agricultural advisor to the Solar president. Beside Mr. Acton is his assistant, Norman Bennington. They are currently engaged in filling the canals on Mars with water for irrigation.

In the rear of the ship with his coat and hat pulled around his face is Gerald Brownlee, secret agent for the Earth. He is on his way to investigate revolutionary activities of the Venusian water rat.

As we slow for the Venusian space port, a Universal air police ship pulls up beside us. Printed on its side is "Manned by captain John W. Randle Traffic Squad."

This trip has brought back many fond memories of my school days on earth, but now I must hurry off to a business appointment.

In a hurry, Lzdy?

SUNSHINE CREED

With love in my heart, forgetting self, and with charity for all, I will make the object of my life helpfulness and kindness to others. I shall try to fit myself to give intelligent service in making my community a safer and more beautiful place in which to live. Thus will my own life become rich and complete.

The Pinnell Chapter of the society had a very successful and progressive year under the sponsorship of Mrs. Frances Coons.

Hi-Y

The Hi-Y was started by a young man in London, England, in 1844, by the name of George Williams. He felt the need for a Christian-centered program for himself and other young men. It is now a world-wide organization, serving in seventy-nine countries, with the same purpose, "to create, maintain and extend throughout the home, school, and community high standards of Christian characters."

This year the Pinnell Chapter of the Hi-Y is under the leadership of Mr. Roy Wolfe. There are 23 active members.

Dear Steve, for
it has been fun in
being with you in
being a sophomore senior or
Business. Your senior year as
I hope your senior
year will be as much fun as
mine has been. Many thanks

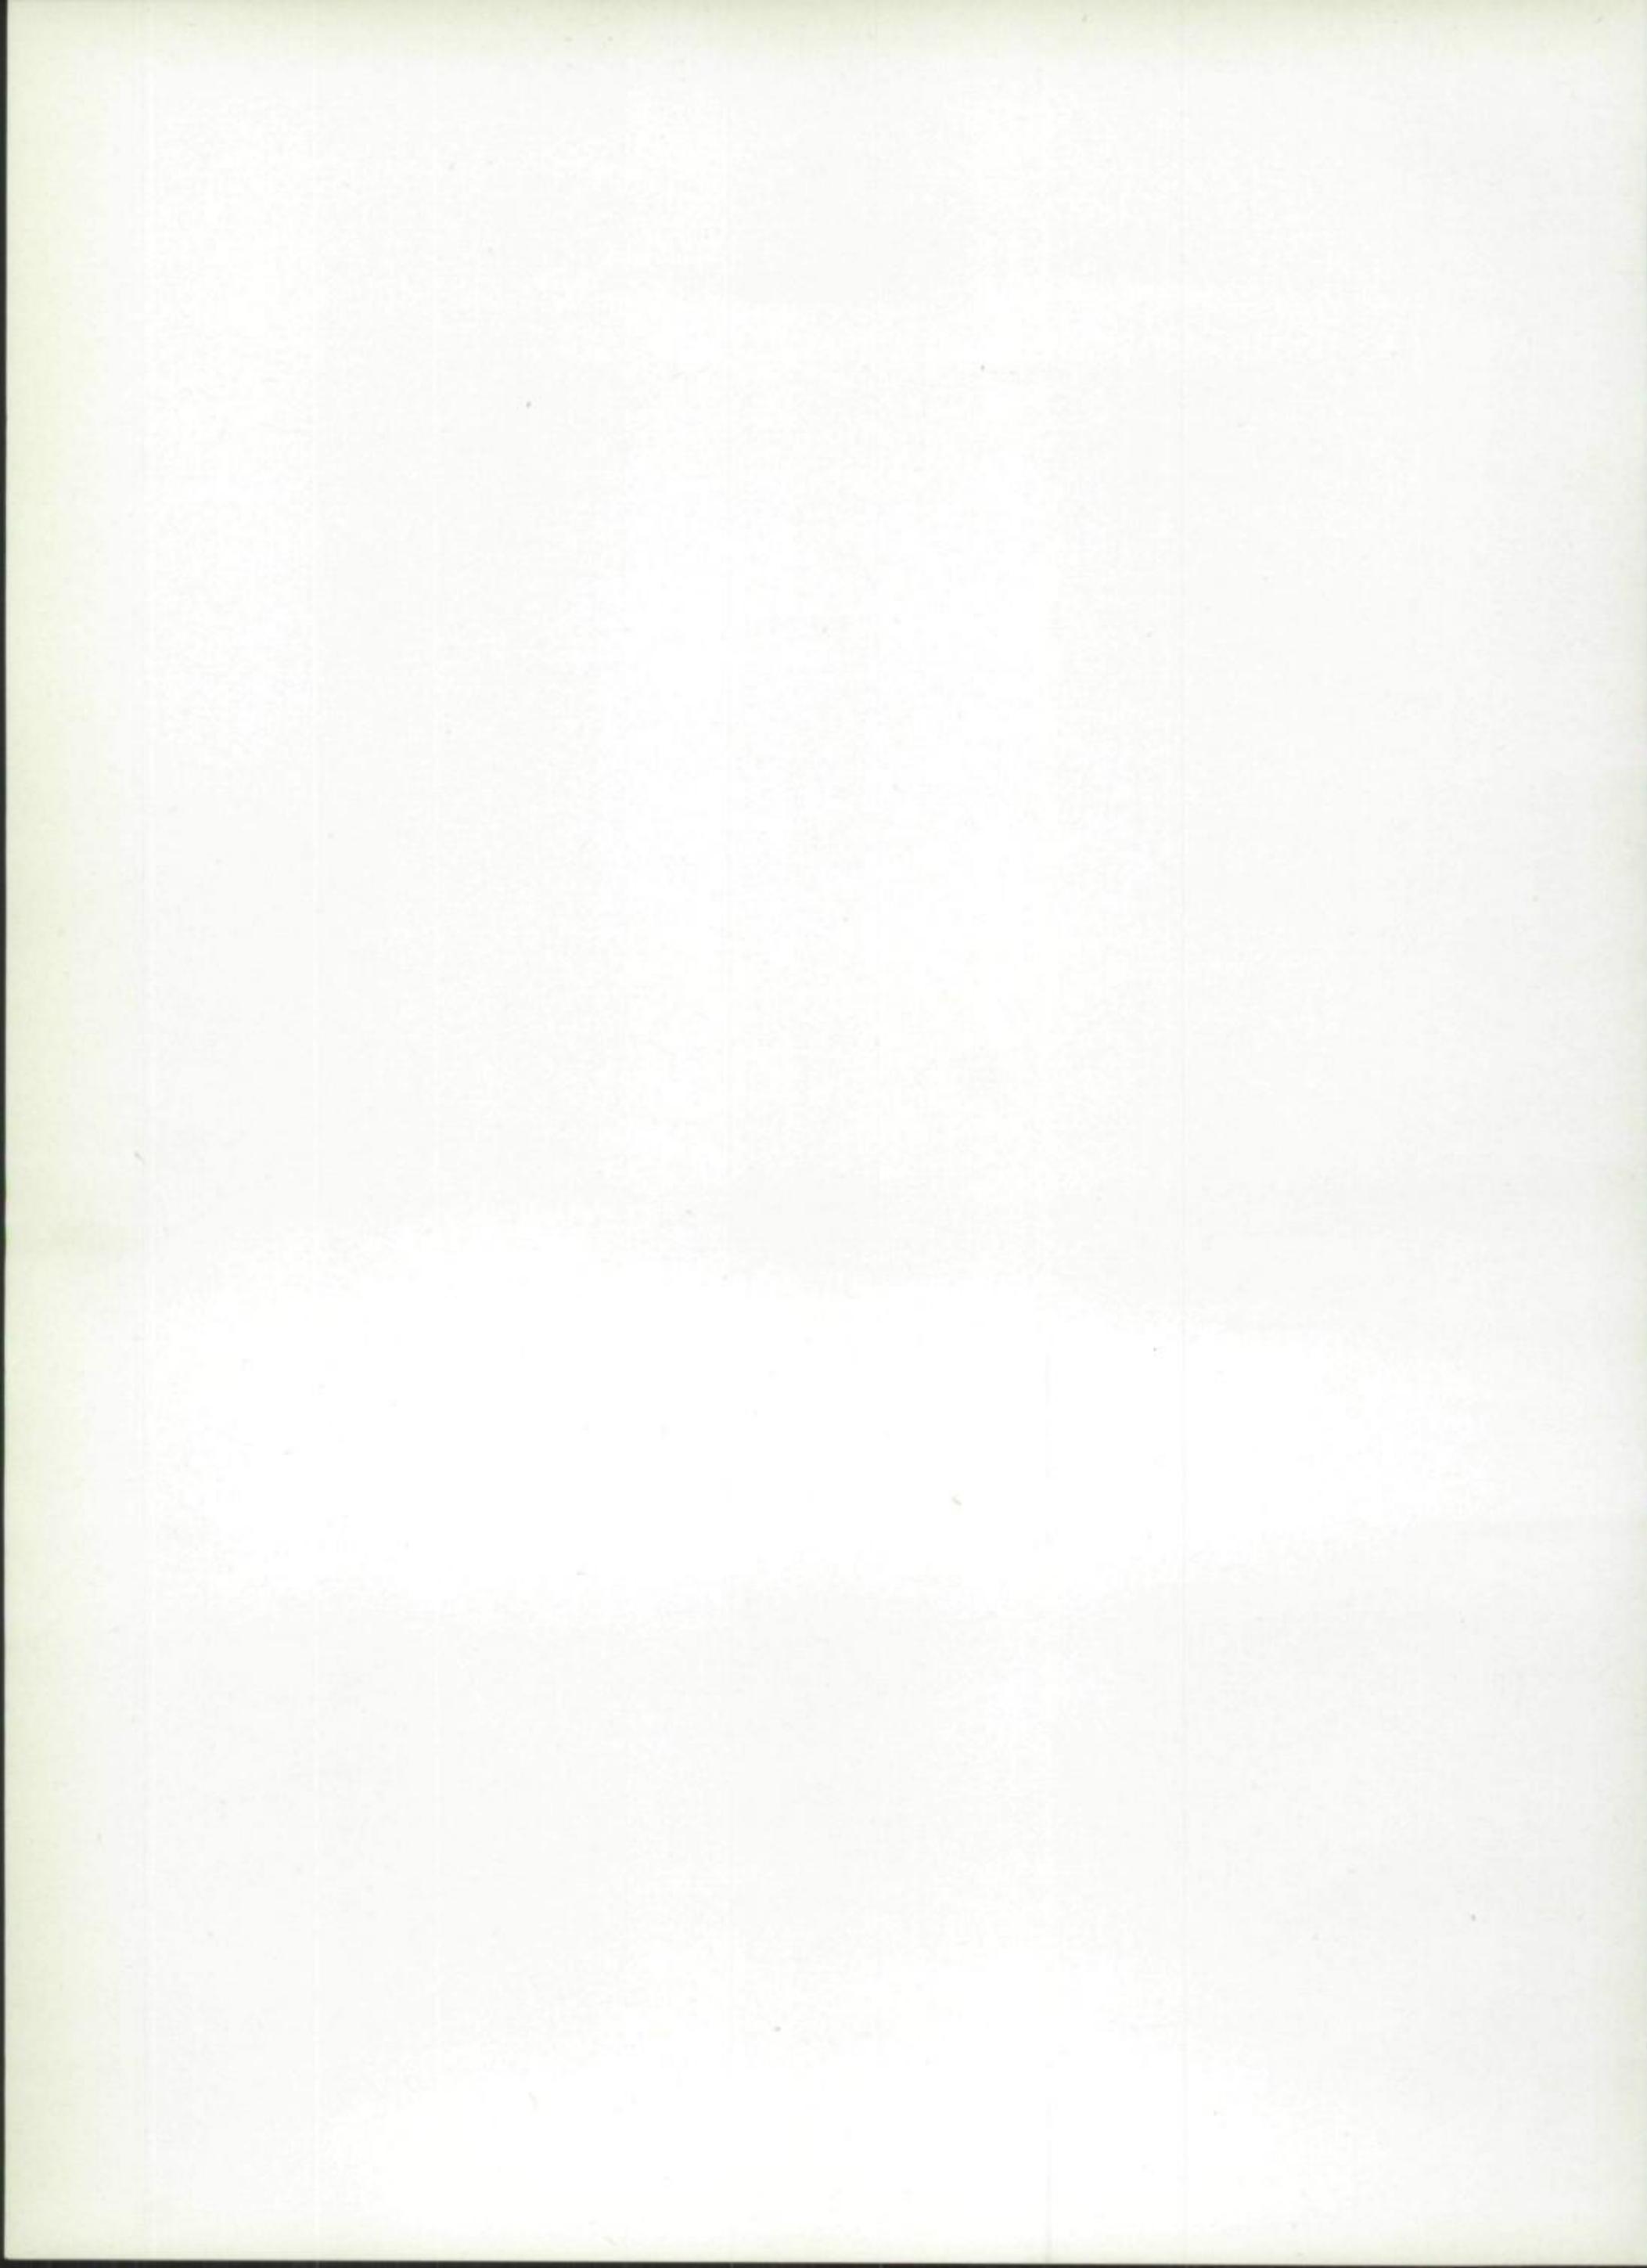

Dear Steve,
May you maintain
the same politeness,
well mannered
attitude toward
your teachers and
fellow students, that
you have shown to me.
It's been nice having
you in English class,
even though it is
a dull hard
subject.
